Hon John Kobelke MLA
Minister for Water Resources
20th Floor 197 St Georges Terrace
PERTH WA 6000

Dear Minister

Thank you for writing to me about the proposed Water Treatment Plant. It was kind of you to do so and I much appreciated the courtesy.

Unfortunately, your assurance of open consultation on the areas of concern is not shared by the officials of the Water Corporation, who do not answer questions, when I suspect, the answer might embarrass them. Perversely, neither does their behaviour meet the standard set by the corporation which formally committed itself to full community consultation on all potential sites. That assurance which was given to government and our association was accepted in good faith by us but what we have had so far falls far short of what was promised.

I shall be writing to the head of the corporation to list my concerns, and hope that my representations bring about improvement. If you wish, I shall send a copy of the letter to your office. If you or your advisers would like a briefing, I shall do my best to oblige.

Yours faithfully

Sandra Bentley
President
