Dear Mike

This is just a short note to thank you for joining me at breakfast in my office.

I enjoyed meeting with you and I very much appreciated the opportunity to discuss the range of issues we covered. I value your honest feedback especially given your on the ground involvement in your local area.

I was particularly surprised to hear about the delayed development in the Bullsbrook area and I am concerned at the affect this is having on the community. I know that Jaye will raise this matter with the City of Swan in the first instance but I will keep in touch with her and assist where I can.

Thank you and best wishes.

Regards

Alan Carpenter
