Dear Mr. Llewellyn,

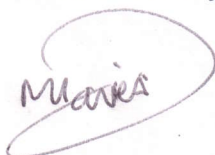

Legal protection for the Perth Hills

I am writing in order to draw your attention to our campaign to ensure that an area of the Hills from approximately Muchea to Serpentine receives legal protection similar to that enjoyed by the Adelaide Hills, the Dandenongs and the Swan Valley.

Our broad proposals are outlined in the attached document entitled "THE PERTH HILLS VISION". This was presented to the Honourable Ms. Alannah MacTiernan, Minister for Planning and Infrastructure, when we met her recently. The Sunday Times a week ago published an article on page 3 about our campaign. We have set up a website www.saveperthhills.org on which this and our concerns re the threat of widespread urbanisation of the Hills and other issues are addressed.

We have received widespread public support for this idea and we believe that such protection would be welcomed by all of the West Australian community, not just those who live in or near the Hills. It is hoped that we could arrange to meet you and discuss the foregoing in the near future.

Yours sincerely,

Mike Davies
